Introducing

JML is an integrated digital inkjet printing solution Providing Company which has been grown through it's innovations changes, challenges and competitions.

JML Founded in 2008, Distributor for drafting machines, commercial inkjet printers, and digital textile printers, Digital Printing & Offset Printing Raw Materials, Inks, and been widely recognized for its technological prowess-receiving from China and Korea's the award for Achievements in sales and innovation.

It has branded product sales network that extends all over Bangladesh Markets, we always strive to maximize your profits as customers and Partners.

JML continues to work with the core policy of quality management in order to show you new vision, sentiment, and value. After all, the only way to survive in the ever-harshening Local Market place is to endeavor for the very best-not simply in the final product, but also in importing, sales, management, distribution, service and every other process in the system.

We will endeavor and grow in order to maximize your profits and provide products of the very best quality through stable and transparent management so that we may meet and surpass your expectations.

VISION

To be the premier organization by operating nationally that provides the complete range of trading services to all segments under one roof.

MISSION

To develop & deliver the most Innovative Products, Manage Customer Experience, Deliver Quality Services that contributes to Brand Strength, Establishes a competitive advantage & enhances profitability as well as wealth maximization, thus providing value to the stakeholders of the company.

WE ARE THE DISTRIBUTOR SERVICES PROVIDER OF THE FOLLOWING ITEMS

Solvent Printer	Servicing & Maintenance Digital Printers
Eco Solvent Printer	Ink's for Digital & Solvent Printer
UV Flatbed Printer	PVC Backlit
Sublimation Printer	Spare Parts
Textile Printer	Gift Item
Laser Cutting Machine	Offset Paper
CNC Router Machine	Art Card Paper
Bending Machine	Swedish Paper Board
PVC Flex Banner	Duplex Paper Board
Self Adhesive Vinyls	Sticker Paper
Glass Edging Machine	Lamination Film
Fiber Laser Cutting Machine	Offset Printing Ink
Fiber Laser Metal	Ruti Maker
Laser Welding Machine	Induction Cooker
Non Metal Cutting Machine	Rice Cooker
CTP UV Plate Processing Machine	Laminator (Fully Automatic & Manual)

GROW UP YOUR BUSINESS WITH US

We believe all businesses have access to an extensive pool of knowledge - whether this is their understanding of customers' needs and the business environment or the skills and experience of staff.

Quality

Quality is perhaps the most important concept for successful companies and organisations of today. It is not only about developing products and services which will result in more satisfied customers and increased profitability. It is also about developing and improving the activities internally within the organisation. You could say that quality technology is about the art of becoming the best!

Supporting

Our support services team provides practical and effective assistance to organisations from top-tier multinationals to medium and small enterprises across a wide range of industries including fund management, technology, consultancy and investment holdings. The team aims to provide value-added services and solutions that are flexible and tailored to the particular circumstances and needs of our clients whether

Best Technology

JML Best Technology Services is one of the largest engineering and implementation field services companies in Bangladesh. With more than 30 qualified and experienced machine engineers, we deliver streamlined end-to-end project management and provide responsive and consistent service for technology infrastructure across Bangladesh.

Helping

Enhance and validate their business project through our team's combined experience, different business models and sector-specific technical information receive proper training through the training programs offered by our partners (business plan, financial forecasts, commercialization strategy, marketing strategy, etc.) identify clients and/or business opportunities using research and market analysis tools.

COMMITMENT TO WORK

Jaman Marketing always committed to work That's why the customers rely on us.

06

07

WE HAVE SKILLED MANPOWER

We have a swarm of skilled Technician who can solve problems in a short time.

Assadus Jaman
Managing Director
Jaman Marketing Ltd.

“The talent for discovering the unique and marketable characteristics of a product and service is a designer's most valuable asset.”

Managing Director Messages

Jaman Marketing Ltd (JML), we believe that our business must touch the lives of people meaningfully. We have been serving as a trusted Interior, exterior and digital printing media agency since 2008.

Today there are 7 (Seven) companies operating with Jaman Marketing Ltd (JML) as sister concern of Images Group. In 2018 our expected turnover was 192 Million (in Taka BD). But our real strength comes from our commitment to valuable clients. We believe in growing our business while ensuring the quality services everywhere we operate. Some of the most demanding customers choose to work with us. Domestic & Multinational companies rely on us to deliver projects on time and to stringent quality specifications.

Our success is founded on a very simple philosophy. We honor our commitment to all of our clients. I take this opportunity to express my sincere thanks to our customers, suppliers, and everyone with whom the company interacted in conducting its business. We are grateful to you for extending at all times, your valuable support and cooperation to bring the company to the level it has reached today. The success we have achieved so far was only possible because of the collective efforts of all concerned. We will create new possibilities by enhancing value, improving social returns and having contribution to national economy and wealth.

Assadus Jaman
Managing Director

Sublimation Printer

Model	JML-S180	JML-S320
Print heads	Epson DX5 (Micro piezo print head)	
Warranty Spare Parts	Mother Board, Print Head Board, Driver, Servo Motor	
Printing height	height can adjust 0-20mm	
Printing speed	Resolution	DX5*2
	360X720dpi	30 m2/H
	360X1440dpi	22 m2/H
	720X1080dpi	14 m2/H
	720X1440dpi	8 m2/H
Max. Printing wide	1800mm / 3200mm	
Max. Feeding wide	1830mm / 3230mm	
Media type	Woven polyester shell fabric	
Ink type	sublimation ink	
Power consumption	print 1000w; heating 4000w	
Power supply	220V 10%printing system 10A, heating system 20A 50HZ	
working environment	temperature:23~30 °C humidity 35~65%Rh (not freeze)	

◀ Digital Textile Printing Machine

Model	JML8000-3
Print Width	1850mm
Printhead	Epson 5113 2printhead
Cleaning System	Automatic cleaning device/ scraping ink device
Color	C M Y K
Ink Supply System	Continuous huge capacity ink supply system
Medium Dipose	Standard automatic feeding system
Max Printing Resolution	1440dpi
Ink Compatebility	Water-based ink/Eco-solvent ink/Sublimation ink
Medium Compatebility	General width inkjet medium
Peration Environment	Temperature:15-35°C,Humidity:40RH-70RH
Medium Type	PP paper, photo paper,inkjet light box, photo album Car sticker,Wallpaper,leather,gum,light cloth
Stoving Method	Forepart, middle, back heating
Connector	USB 2.0
Language	English/ Chinese
Print Software	MainTop 5.3(free)/ photoPRINT & Ultraprint
Power Consume	400W
Driven System	Windows xp, win 7
Power Supply	220V/110V 50-60HZ
Dimension	2650*810*1260mm
Packing Size	310*80*75cm
Weight	235kg/285kg
Print Speed	2pass 75m2/h
	3pass 55m2/h
	4pass 45m2/h
	6pass 30m2/h

UV Flatbed Printer

Printing tech	UV Curing Drop-on-demand Piezoelectric inkjet	
Print head	Epson DX5 head	
Warranty Spare Parts	Mother Board, Print Head Board, Driver, Servo Motor	
Color	CMYK+W&Double CMYK	
Ink characteristics	UV Curing ink	
Ink reservoir	Refillable on the fly while printing	
Resolution Options	360*360dpi/360*540dpi/360*720dpi/720*1440dpi	
Printing speed (C M Y K*2)	360X720dpi	22m ² /H
	360X1440dpi	16m ² /H
	720X1080dpi	12m ² /H
	720X1440dpi	6m ² /H
Max media size	1.8m wide, roll to roll / sheet to sheet	
Media type	Rigid PVC board, ceramic tiles, glass, marble, granite, wood sheet metal; flex banner, PVC vinyl, fabrics and tarpaulin Etc.	
Print head controls	Head temperature and voltage are software adjustable	
Print height	1cm~10cm adjustable, semi-auto setting	
Media handling option	roll to roll/sheet to sheet	
Drying system	LED UV lamp (Mercury Lamp is optional)	
Rip software	photo print/Ultra print/Maintop	
Color management	ICC based color, adjustment curves, density adjustment	
File format	Bitmaps, TIFF, JPEG, Postscript 3, EPS, PDF Etc.	
Electrical requirements	50Hz/60Hz, 220V(10%>20A)	
Environmental requirements	Ambient temperature: 20-30° C, Relative humidity: 40-70%	
Dimension	340*130*90cm	
Weight	500kg	

CTP UV Plate Processing Machines

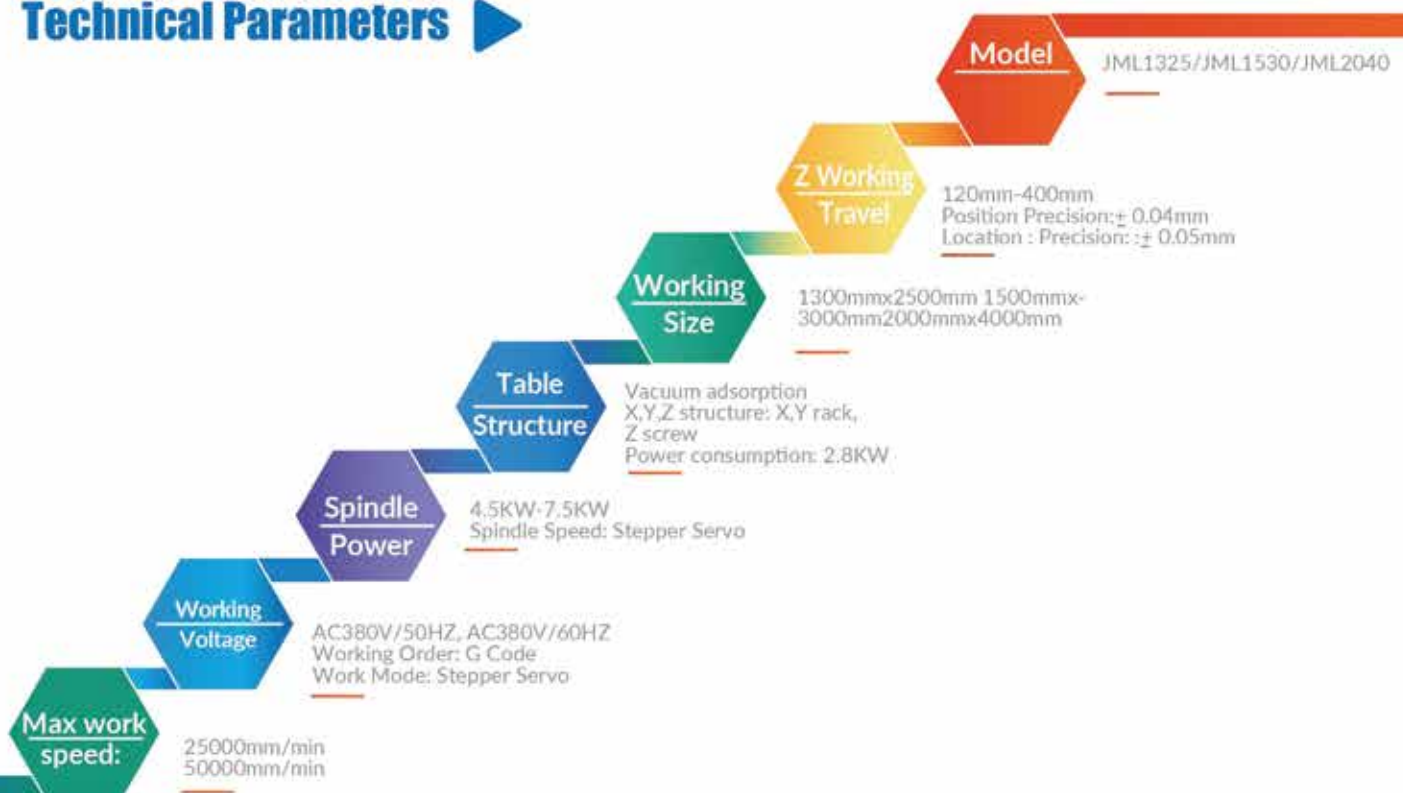

Specifications:	
X-0642T Thermal CTP	
Model	X-0642T
Light Channels	64
Output Speed(P/h)	29
	P size:1030mm×800mm
Light Source	830 nm Laser Diode
Output Resolution (dpi)	2400
Dot Reproduction	1%~99%
Register Accuracy (mm)	< 0.01
Plate Size (mm)	Max. 1160×940 ; Min. 450×320
Suitable Plates	Various thermal ctp plates
Plate Thickness (mm)	0.15~0.30
Plate Loading and Unloading	Loading:Automation(Standard Set)
	Unloading:Automation
	Vacuum Fixation
Plate Position Accuracy (mm)	0.2
Plate Balance	Automatic Balance
Data Interface	USB,1000Mbit/s
Ambient	Temperature 25°C±3°C
	Humidity 20~80%(Non-condensing)
Machine Dimension (mm)	L2200×W1100×H1050
Net Weight (kg)	1500
Power Supply	≤6KW/220V±5%,50/60Hz
